

# Oil and Gas Update

---

December 2, 2024

# Current Applications

---

- There are no current Oil and Gas applications.

# Environmental Exceedance Report

## Reporting from September 15-October 15

Start Date	End Date	Unit	Pollutant	Permit Term	Max. Reported Value	Total Exceedance
28-Sep	28-Sep	Emergency Compressor No. 641695	NA	NA	Shall not exceed 500 hours of emergency engine use during a 12- month rolling period	Exceeded 500 hours per 12-month rolling period of emergency engine use
4-Oct	4-Oct	Drum No. D-349	NA	NA	NA	NA

**September 28:** Compressor C-3802 shut off due to an internal failure. A back up emergency compressor (No. 641695) took over and started operating. During this time the emergency compressor (No. 641695) exceeded 500 hours of use within a 12-month rolling period.

**October 4:** An open-ended line on Drum No. D-349 was identified. Per applicable leak detection and repair provisions, under most circumstances it is not permissible to have an open-ended line.

# Other Updates

---

- Earth Justice called for a public hearing on Suncor's Plant 2. The hearing is set for two dates in December – the 10<sup>th</sup> and 14<sup>th</sup> and will be conducted over Zoom. The public can sign up to provide comment.
