

## Events Subcommittee Notes

### Memorial Day Car Show

- Monday, May 25 around 11am
- Registration can be part of their parade registration. If we exceed 50 cars, Cultural Council can help to decide how to narrow down (each car group can only bring xx amount).
- Communication to registrants comes from staff liaison.
- Would be great to have up to 4 members helping to check cars in on Forest (or parking lot off Parkway), but staff can also support.
- Member(s) attend City Council meeting after event to present car show trophy to winners.

### Juneteenth

- Grant from SCFD calls for an art activation in addition to sponsoring entertainment as we usually have done at Hispanic Heritage. Total budget for the art activation is \$1,986. Ask Tyler to collaborate since it was his idea originally.

### America 250/Colorado 150

- Group had idea to make a craft themed with America 250/Colorado 150 to have at Memorial Day and Music in the Park this year. Possibility to install as art installation at Rec Centers after summer as planned with last year's Music in the Park craft.
- The group does not think Cultural Council should do an additional event or project specifically for America 250/Colorado 150 that is outside of the usual cadence, due to limited funds and capacity during summer.
